MOBILE DEPOSIT

DEPOSITING A CHECK WITH A SNAP OF A PHOTO.

After logging into the mobile app select "Deposit". From deposit, you can deposit your paper checks as well as the money you receive through Popmoney, our personal payment service.

To deposit a check, begin by signing the back of the check and writing the words "For Mobile Deposit Only". In the app, select "Deposit Check." Choose the account to make the deposit and enter the amount.

Take a photo of the front of a check, against solid background, without any objects. Ensure entire check is visible, in focus, and well lit. If clear, accept it. Repeat this process for the back of the check.

Once both images have been captured continue to review your deposit and confirm it.

You can check the status of your deposit at any time. Statuses include pending, failed, accepted and posted.

Tip: Write a note on the original document that says "Mobile Deposit" and keep for 30 days for your records, before safely destroying the check.
